

Standards for European Model Railroads

List of valid Standards

- English language edition -**Exposition: 30th of November 2025** **NEM**

Page 1 of 4

Edition 2025

N = Binding Standard

E = Recommendation

D = Documentation

Grey = Standard at present not in english language

Davisian History

New Standards

Revised Edition

Editorially updated Edition

The publication of the English versions of the standards is still under construction. It is constantly being completed. In the event that errors or appropriate possibilities for improvement are detected in the English versions of the standards, we ask you to report this with a short justification or explanation to: karsten.flach@morop.eu

Norms with country code apply only to the specified country
